# BABY HARDTANK

## COUNTERTOP

SOLUTION FOR FAST COLD BREW PRODUCTION.

Revolutionary technology invented by the Hard Beans team found a way of decreasing production time from 16-24 hours to 45 minutes only!

- **design** - compact, countertop device;
- **efficiency** - in less than 45 minutes you can produce 4,5 litres of Cold Brew;
- **high-quality beverages** - you can achieve your preferred extraction level;
- **easy to dial-in** - stainless steel basket not only lets you control your recipe but also allows you to prepare cold brew tea or cascara;
- **hygienic** - automated cleaning system makes sure that there is no risk of contamination.

# BABY HARDTANK

## COUNTERTOP

The combined maceration and percolation process, together with double filtration stainless steel system makes sure that your cold brew is clear, not oxidized and there are no particles left causing bitter and astringent tastes.

### WHAT'S IN IT?

- transparent extraction chamber;
- stainless steel basket;
- touchscreen controls;
- water connectors: 2x water in (both: tap and filtered) and water out;
- dispensing system - transferring cold brew straight to your keg;
- automated washing cycle;
- integrated smartphone app with full control of the device, the online tracking of your recipes, statistics and alarms.
