

STEEL

The STEEL range goes one step further and transcends the Home use. It is a semi-professional coffee machine for home, offices, and even the Hospitality channel.

It was designed in all its versions (UNO, DUO AND TRIO) and it is offered in a robust industrial bodywork that meets the requirements of the expert user. It is manufactured with the highest quality materials, and a minimum use of plastic. The standard version is equipped with a Ø 60mm filter holder and electronic temperature control.

Thermodynamic group with PID control. **Thermal stability.** Quality in cup. Less limescale build-up. Stainless steel circuit reduces limescale build-up. Unlimited steam.

Healthy 100%. AISI 316 stainless steel water circuit. No metal migration in water. Complies with European standard EN 16889.

Clean water. Here it is constantly renewed and clean for every coffee. The taste and smell of the coffee are unaffected.
